Safe Harbor / Financial Info.

This presentation contains certain forward-looking statements and forward-looking information, as defined under applicable securities laws, including, without limitation, the U.S. Private Securities Litigation Reform Act of 1995 (collectively, "forward-looking statements") which relate to future events or Absolute's future business, operations, and financial performance and condition. Forward-looking statements normally contain words like "will", "intend", "anticipate", "could", "should", "may", "might", "expect", "estimate", "forecast", "plan", "potential", "project", "assume", "contemplate", "believe", "shall", "scheduled", or the negative of those words and similar terms and, within this presentation, include the fiscal 2023 outlook/guidance and any statements (express or implied) respecting: Absolute's future plans, strategies, and objectives, projected revenues, expenses, margins, and profitability; future trends, opportunities, challenges, and growth in Absolute's industry; the impacts of the COVID-19 pandemic on Absolute's business, operations, prospects, and financial results; Absolute's ability to grow revenue by selling to new customers and increasing subscriptions with existing customers; Absolute's ability to renew customers' subscriptions; Absolute's ability to maintain and enhance its competitive advantages within its industry and in certain markets; Absolute's ability to remain compatible with existing and new PC and other device operating systems; the maintenance and development of Absolute's PC OEM and other partner networks; Absolute's APaaS initiative; existing and new product functionality and suitability; Absolute's product and research and development strategies and plans; increases to brand awareness and market penetration; foreign operations and growth; and other aspects of Absolute's operations or operating results. Forward-looking statements are provided for the purpose of presenting information about management's current expectations and plans relating to the future and to allow investors and others to get a better understanding of Absolute's anticipated financial position, results of operations, and operating environment. Readers are cautioned that such information may not be appropriate for other purposes. Forward-looking statements are not guarantees of future performance, actions, or developments and are based on expectations, assumptions, and other factors that management currently believes are relevant, reasonable, and appropriate in the circumstances, including, without limitation: assumptions regarding Absolute's business, products, financial position, and industry; assumptions regarding Absolute's ability to successfully manage the impacts of capital markets, economic, and political volatility on its business, operations, and financial results; and those assumptions referred to in Absolute's most recent Management's Discussion and Analysis (the "MD&A") which is available at www.absolute.com, under Absolute's SEDAR profile at www.sedar.com, and on EDGAR at www.sec.gov. Although management believes that the forward-looking statements herein are reasonable, actual results could be substantially different due to the risks and uncertainties associated with and inherent to Absolute's business, as more particularly referred to in the MD&A under the heading "Risks and Uncertainties". Additional material risks and uncertainties applicable to the forward-looking statements herein include, without limitation, unforeseen events, developments, or factors causing any of the aforesaid expectations, assumptions, and other factors ultimately being inaccurate or irrelevant. Many of these factors are beyond the control of Absolute. All forward-looking statements included in this presentation are expressly qualified in their entirety by these cautionary statements. The forward-looking statements contained in this presentation are made as at the date hereof and Absolute undertakes no obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required by applicable securities laws.

Absolute's fiscal year ends on June 30 of each year. All dollar figures herein are stated in U.S. dollars unless otherwise indicated.

Management uses certain non-standard measures under International Financial Reporting Standards ("IFRS") that it believes are meaningful in the assessment of Absolute's performance. Management believes that analyzing operating results exclusive of the significant non-cash items noted above provides a useful measure of Absolute's performance. As the majority of our customer contracts are sold under prepaid multi-year term licenses, there is a significant lag between the timing of the invoice and the associated revenue recognition. As a result, we focus on the aggregate annual recurring revenue ("ARR") of our subscriptions under contract and generating revenue as an indicator of our future recurring revenues. "Total ARR" measures the amount of annual recurring revenue we will receive from our commercial customers under contract at a point in time, and therefore is an indicator of our future revenue streams. The term "Net Dollar Retention" measures the percentage increase or decrease in Total ARR at the end of a year for customers that comprised Total ARR at the beginning of the year. The term "Adjusted EBITDA" refers to net income before interest income or expense, income taxes, depreciation and amortization, foreign exchange gains or losses, share-based compensation expense, fair value adjustments relating to acquired deferred revenue, fair value adjustments relating to acquired deferred commission expense, restructuring or reorganization charges and post-retirement benefits, acquisition and integration costs, litigation costs, impairment losses, and non-recurring items. Please also refer to the section entitled "Non-IFRS Measures and Key Metrics" of Absolute's latest MD&A. ARR, Total ARR, Net Dollar Retention, and Adjusted EBITDA are key operating metrics that do not have standardized meanings prescribed by IFRS and may not necessarily be comparable to similar measures provided by other companies.

Information contained in this presentation concerning the industry and the markets in which Absolute operates, including Absolute's perceived trends, market position, market opportunity, market share, and competitive advantages within the markets in which it operates, is based on information from independent industry analysts and third-party sources (including industry publications, surveys, and forecasts), Absolute's internal research, and management estimates. Management estimates are derived from publicly available information released by independent industry analysts and other third-party sources, as well as data from Absolute's internal research, and are based on assumptions made by Absolute based on such data and its knowledge of its industry and markets, which management believes to be reasonable. Absolute's internal research has not been verified by any independent source and Absolute has not independently verified any third-party information. While Absolute believes the market opportunity and market share information included in this presentation is generally reliable, such information is inherently imprecise.

NOTE: Total ARR is a key metric. Please refer to the "Use of non-IFRS measures and key metrics" section of Absolute's latest MD&A for further discussion of this key metric. Growth for F2022 quarters are compared to an as-if combined basis for the same periods of the previous fiscal year. Q1 F2021, Q2 F2021, Q3 F2021 and Q4 F2021 ARR on an as-if combined basis combines the historical ARR of Absolute Software and NetMotion for the respective periods as if the acquisition of NetMotion occurred on July 1, 2020.

Adjusted EBITDA | Compelling Mix of Growth & Profitability

(USD million; Adj. EBITDA Margin %)

NOTE: The Company adopted IFRS 16, "Leases", effective July 1, 2019 using the modified retrospective approach. Accordingly, financial information presented for fiscal 2019 and fiscal 2018 have not been adjusted for the impact of the adoption of IFRS 16.

NOTE: Adjusted EBITDA is a non-IFRS measure. Refer to the "Use of non-IFRS measures and key metrics" / 10 section of Absolute's latest MD&A for further discussion and other non-IFRS measures, and the appendix to this presentation for a reconciliation of Adjusted EBITDA to IFRS net income after taxes.

Guidance Update | Full-Year Fiscal 2023 (Year ending June 30, 2023)

<i>Updated F2023 Guidance Provided on February 14, 2023⁽¹⁾</i>	Previous F2023 Guidance <i>(issued on August 23, 2022)</i>	UPDATED F2023 GUIDANCE
Adjusted Revenue⁽²⁾	\$241.5 – 246.5m	\$231.0 – 235.0m
<i>Adj Revenue YoY Growth %</i>	14.8 – 17.1%	10 – 12%
Adjusted EBITDA Margin %⁽²⁾	21.0 – 24.0%	23 – 25%

1) The Company does not provide a reconciliation of forward-looking non-IFRS financial measures to the most directly comparable IFRS financial measure because it is unable to predict certain items contained in the IFRS measures without unreasonable efforts.

2) Adjusted revenue and adjusted EBITDA are non-IFRS measures. Please refer to the "Use of non-IFRS measures and key metrics" section of Absolute's latest MD&A for further discussion and other non-IFRS measures.
